## St. Therese Healing and Growth Centre

As a branch of St. Therese Institute of Faith and Mission, the HGC furthers our mission—offering Christian formation in an environment of prayer and scripture study within a life of Catholic spirituality inspired by St. Thérèse of Lisieux, faithful to the Magisterium and traditions of the Church—by presenting various conferences and healing & prayer programs open to people of all faiths and beliefs.

**St. Therese Institute:** a spiritual refuge in the heart of Canada's mid-west surrounded by the quiet beauty and majestic stillness of one of Saskatchewan's oldest evergreen woods. Come for the stillness; come for spiritual growth; come for God.

# WISDOM: Freedom of the Cross

Deeper wisdom sees, knows and understands. It is wisdom that we need today more than ever. Because the Power and the Wisdom of God come from the Cross, we will encounter the Cross, the very heart of Christianity.

**This Conference focuses on the call and movement of Wisdom in our lives, and on interceding for the Gift of Wisdom.**

## Session Topics include

- Mary, Seat of Wisdom
- Wisdom Sings Her own Praises
- Wisdom Invites Her Children
- Wisdom Instructs Her Children
- Wisdom Builds Her House
- The Power of Anointed Intercession
- The Power of Communal & Combat Intercession
- The Power of Territorial & Mobilized Intercession
- A Christian Reflection on the New Age movement "A Call to Vigilance"

*"As we were leaving St. Therese after the Conference, I asked my sister how she felt. She said, "Do you remember how we felt when we were leaving Medjugorje, well, I feel that way now, too. There is something here. I can feel it!"*

## Who are the Intercessors of the Lamb?

The Intercessors of the Lamb are a young order of Priests, Religious and Lay people, founded in 1980 by Mother Nadine Brown, based out of the Bellwether hermitage in Omaha, Nebraska, USA.

Their teachings are in full accord with the Magisterium.
